The third annual Incarnate Gathering // **A resource for church planting**
16:00 ON TUESDAY 3 FEBRUARY // 13:30 ON THURSDAY 5 FEBRUARY 2009

What are you? Church planter? Facilitator of church planting? Wondering whether this could be part of your future? Were you involved in the 80's or 90's and hesitantly wonder if church planting might again become part of your life? Perhaps you prefer the emerging church language? All are welcome to this gathering.

Over two days we will use specialist sessions to meet varying needs and main sessions so we benefit from each other's perspectives. Stories of church planting, discussion, coaching, worship, shared meals and workshops will all play a part as we explore church planting themes.

Helping us in our conversations will be Stuart Murray Williams (writer and church planting consultant, oversees Urban Expression church planting agency, involved with Incarnate from the start); George Lings (director of the Sheffield Centre, church planting consultant, trainer and writer); participation by BUGB Missions Department; and practitioners from the Incarnate team.

The venue and accommodation are Somersal Cottages, Derbyshire, UK. They are a cluster of spacious conversions ideal for an event that builds relationships. A beautiful rural location www.somersalcottages.co.uk

Travel: If you are not coming by car we will try to arrange others to collect you from the nearest train station (Uttoxeter Station); or the nearest airport (East Midlands Airport).

Book online at www.incarnate-network.eu
£75 per person includes meals, the event, and accommodation in shared rooms, with single rooms available at a £60 supplement. You might ask if your Baptist Union or Regional Association would sponsor you. This event will probably be quite popular, so book early to ensure a place. Questions to info@incarnate-network.eu
+44 (0)203 355 8732

Incarnate is a grass-roots European network for church planting by Baptist church planters, open to all.

A Story-telling Community

...learning from stories of church planting.

A Networking Community

...building relationships online and face to face.
Supporting those involved in pioneering new churches.
Encouraging those considering involvement.

A Strategic Community

...promoting and stimulating strategies across Baptist networks.

A Learning Community

...reflecting on our own practice.
